

Frasers Commercial Trust 2QFY14 Financial Results

23 April 2014

Important notice

Certain statements in this Presentation constitute “forward-looking statements”, including forward-looking financial information. Such forward-looking statement and financial information involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of FCOT or the Manager, or industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements and financial information. Such forward-looking statements and financial information are based on numerous assumptions regarding the Manager’s present and future business strategies and the environment in which FCOT or the Manager will operate in the future. Because these statements and financial information reflect the Manager’s current views concerning future events, these statements and financial information necessarily involve risks, uncertainties and assumptions. Actual future performance could differ materially from these forward-looking statements and financial information.

The Manager expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement or financial information contained in this Presentation to reflect any change in the Manager’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement or information is based, subject to compliance with all applicable laws and regulations and/or the rules of the SGX-ST and/or any other regulatory or supervisory body or agency.

The value of Frasers Commercial Trust units (“Units”) and the income derived from them, if any, may fall or rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested. Investors should note that they have no right to request the Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on the Singapore Exchange Securities Trading Limited (“SGX-ST”). Listing of the Units on the SGX-ST does not guarantee a liquid market for the Units.

This document is for information only and does not constitute an invitation or offer to acquire, purchase or subscribe for the Units. The past performance of REIT and the Manager is not necessarily indicative of the future performance of Frasers Commercial Trust and the Manager.

This Presentation contains certain information with respect to the trade sectors of the Trust’s tenants. The Manager has determined the trade sectors in which the Trust’s tenants are primarily involved based on the Manager’s general understanding of the business activities conducted by such tenants. The Manager’s knowledge of the business activities of the Trust’s tenants is necessarily limited and such tenants may conduct business activities that are in addition to, or different from, those shown herein.

This Presentation includes market and industry data and forecast that have been obtained from internal survey, reports and studies, where appropriate, as well as market research, publicly available information and industry publications. Industry publications, surveys and forecasts generally state that the information they contain has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy or completeness of such included information. While the Manager has taken reasonable steps to ensure that the information is extracted accurately and in its proper context, the Manager has not independently verified any of the data from third party sources or ascertained the underlying economic assumptions relied upon therein.

Results

**1**

Better performance of China Square Central

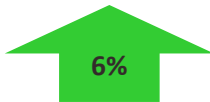

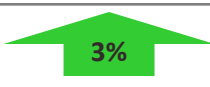

- Better performance of China Square Central, off-set by weaker Australian dollar, lower occupancy for Central Park and slightly higher expenses due to painting works undertaken at Caroline Chisholm Centre
- Lower occupancy for Central Park offset by higher rental rates achieved
- Weaker Australian dollar offset by a realised gain on forward currency contracts arising from hedging the cashflows from the Australian properties and lower interest expense for the Australian-dollar denominated loans

2

Effective capital redeployment

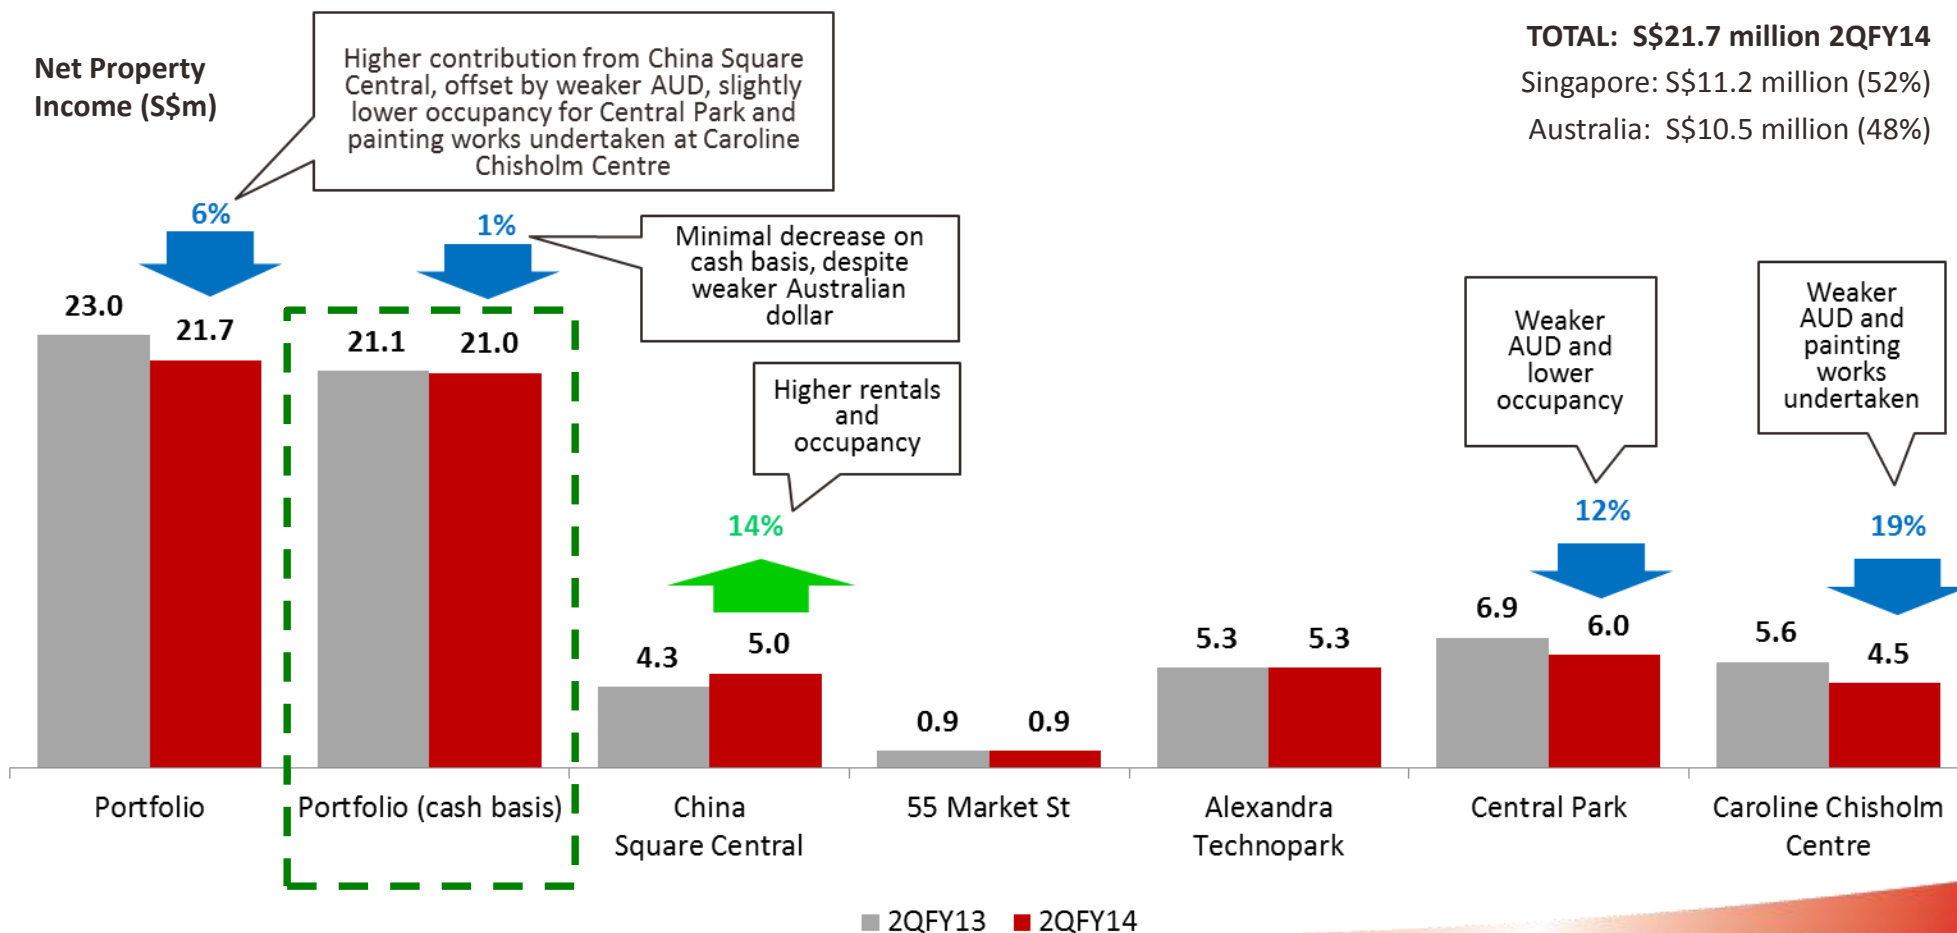

- Savings in Series A CPPU distribution - redeployed proceeds from the divestment of KeyPoint to redeem Series A CPPUs

Office supply-demand dynamics¹

Chart 2: Office Supply-Demand Dynamics

Table 1: Office Vacancy Rates

	Q1 2014	q-o-q	y-o-y
Island Wide	4.3%	-11 bps	-82 bps
Core CBD	4.3%	-55 bps	-253 bps

- Strong leasing activity in CBD Core in Q1 2014
- Demand mainly from insurance, e-commerce and IT sectors
- Positive net absorption of 99,000 sf in CBD Core
- Vacancy in CBD Core decreased from 4.4% to 4.3% in Q1 2014
- Low supply in the next 2 years and sustainable positive demand is expected to drive rent upwards

Singapore business park rents trend – Rents at healthy levels

Singapore Business Park (city fringe) rents¹

Table 6: Known Business & Science Park Future Pipeline

Year	Estimated NLA (million sf)	Estimated Pre-commitment Levels
2014	2.16	70%
2015	0.97	100%
2016	1.51	0%

- Vacancy rose from 9.3% to 10.3% in Q1 2014 due to 420,000 sf new supply and softened demand
- Demand mainly from IT, finance and consumer product sectors
- No major corrections in rents expected as demand is likely to pick up on the back of rising office rents
- Rising office rents could push more qualifying occupiers to lease business park space as seen in 2010
- New supply in 2014 and 2015 are mostly built-to-suit or pre-committed

Minimal change in Premium Grade Perth office rents over the past 12 months

Market conditions¹

- Perth CBD office market vacancy rate in December 2013 was 9.0%, up from 6.9% in the first half of 2013, according to the Property Council of Australia
- Only Melbourne's vacancy rate (8.7%) is better than Perth. Perth's vacancy rate is on par with Sydney and is some five percentage points better than Brisbane (14.2%)
- Premium Grade net face rents are averaging \$835 per square metre, little changed over the past 12 months to December 2013
- Incentives for Premium Grade remain unchanged
